

Green Management and Sustainability

Environmental Policy

At Best Western Plus Blunsdon House Hotel we are committed to working in a sustainable way. We are undertaking the following actions in order to achieve this.

- We comply with the requirements of environmental legislation and approved codes of practices.
- We continuously seek to improve our environmental and social performance.
 - We reduce pollution, emissions and waste.
- We reduce the use of energy, water and other resources.
- We raise awareness, encourage participation and train employees in sustainable business practices.
- We expect similar environmental standards from all suppliers and contractors.
- We assist customers to use products and service in an environmentally sensitive way.
- We liaise and support the local community.
- We have minimised our risks associated with social and environmental issues.
- We have joined the green tourism business scheme as an indicator of our sustainable practices.

We would like to ask you to help us – the green folder in the upper lobby next to main reception has suggestions on what you can do to be a green visitor. We would also welcome any observations or suggestions that you may have.

Sincerely

Chris Clifford
Assistant Operations Manager
